Background

ThyCa: Thyroid Cancer Survivors' Association, Inc. ("ThyCa") is an international, non-profit 501(c)(3) service organization advised by nationally recognized thyroid cancer specialists. ThyCa educates and supports people with thyroid cancer and their families through person-to-person support, local support groups, an award winning educational Web site receiving more than 350,000 unique visits per month, several Internet discussion groups, a newsletter, and annual conferences. We also conduct outreach efforts to increase public awareness of thyroid cancer, encourage research, and connect survivors and families with our support services.

ThyCa offers access to thyroid cancer survivors worldwide.

Annual Conference

Every fall, the Annual Conference is an exceptional opportunity to provide support, education, and communication to more than 450 people at all stages of testing and treatment for thyroid cancer, as well as their families and caregivers. More than 60 speakers lead the attendees through a 3-day conference presenting more than 100 workshops and sessions.

The meeting also includes a limited number of exhibits of related hospitals, pharmaceutical, laboratory, diagnostic, publication, and organizational services and products. Exhibits are located within the central conference registration and informal gathering area and in the main meeting room for maximum visibility to all attendees. Each exhibitor receives prominent acknowledgment in the Program Book and on the ThyCa Web site.
